MEMORANDUM FOR : Chief, Intelligence Section  
SUBJECT : Extract from Commander's Monthly Activity Report, Detachment II, November 1960

The following was extracted from subject report:

"3. INTELLIGENCE

Forwarding by DPs of the Weekly Intelligence Summary published by [REDACTED] although requested through written and oral channels, is spasmodic. [REDACTED] to date has received only four copies with the most recent 26 October. It has been planned to continue weekly briefings of officers assigned in order to maintain their currency in world affairs which have a pertinent bearing on our operations. This was the only source of news due to our isolation and limitations of local publications. One copy of the [REDACTED] was received and that also appears to have been halted."
